

ACKNOWLEDGEMENT

This research has received funding support from the National Science, Research, and Innovation Fund (NSRF) via the Program Management Unit for Human Resources & Institutional Development, Research and Innovation (grant number B05F630042).

I would like to express my deepest appreciation and thanks for everyone who has supported me during this long endeavor.

First and foremost, I wish to express my sincere gratitude to my advisor, Assoc. Prof. Dr. Rangsun Parnpai, for all of his guidance and support in my research project. His enthusiastic support, breadth of knowledge, and unyielding scientific aspirations has showed me the significance of being patient, dedicated, and hard working.

I would like to thank all members of my committee, Assoc. Prof. Dr. Kulthida Vaeteewoottacharn, Assoc. Prof. Dr. Apichat Boontawan, Assist. Prof. Dr. Ruttachuk Rungsiwiwut, and Dr. Tatsanee Phermthai for their valuable guidances and suggestions.

I would like to express my gratitude to all former and current members of the Embryo Technology and Stem Cell Research Center, Suranaree University of Technology. Besides lending me support, they have made my workdays more enjoyable through interesting discussions.

Finally, I would like to thank my family for always being there with me. Thank you, once again, for sharing this journey of life and growing together.
